## Wishing You a Happy and Healthy Holiday Season

We wish you a healthy, safe, and joyful holiday season and new year. As we celebrate the holidays and welcome in 2023, we thank you for your continued support, collaboration, and interest in our research that helps protect human health.

We are excited to kick off 2023 with new and continued scientific research to help improve the health of people and the planet. Stay tuned for more detailed news on our newest research addressing:

- Climate change and its impact on material emissions and the built environment
- Wildland-urban interface (WUI) fires and atmospheric chemical emissions
- Per- and polyfluoroalkyl substances (PFAS) chemicals in consumer textiles and human exposure potentials
- Identification of human biomarkers and cellular changes related to chemical exposure

Wishing You a Happy and Healthy Holiday Season

We look forward to sharing insights for a healthier, safer tomorrow!
